Command to start your game is in the installer propertiesheet, under desktop shortcut (for Windows users) or in the Applications folder (for Mac). Press enter on the welcome dialog. Interface is intuitive and user friendly, with no options you don't need. Graphics are fluid and vibrant, no distractions or complaints about picture quality. Most editor functions are a joy to use. The only annoyance is that video playback is clumsy. I wish I could speed it up or slow it down. It doesn't make it fun any faster. In my tests, Speedwell works with all my Sony video format discs, with some it takes longer to load, with others it doesn't do anything at all. I used a Canons id film and it worked fine. The only video format that it doesn't work is U-matic, and it was blank screen after quicktime loading. When I tried a DVD-R it locked up after 90 seconds with no results. Occasional lock up during playback. Music playback worked fine but there is no guarantee it will continue after an update. I agree. Can this site be trusted? Download Unsigned installer
